

REMARKS

The specification of the subject U.S. patent application, as filed, as constituted by the verified translation of PCT/EP2005/050108, has been cancelled in favor of the concurrently submitted Substitute Specification. A suitable Abstract of the Disclosure has been added. These changes and additions do not constitute any new matter.

Original claims 1-25 have been cancelled. New claims 26-47 have been added. New claims 26-47 are essentially the same, in scope as the claims now pending in the PCT application. They have been presented more in a form in accordance with U.S. practice and eliminating multiple dependencies.

Entry of this Preliminary Amendment into the subject application, prior to the calculation of the filing fee, and prior to an examination of the application on the merits is respectfully requested.

Respectfully submitted,

Holger RATZ
Rudolf STÄB
